

Press release 1 June 2017

Trading increased by 30 % during May

In May, 2,102,987 trades were made in stocks, warrants and options among Nordnet's customers in Sweden, Norway, Denmark and Finland. That corresponds to 102,585 trades on average per day. In total, the number of transactions is higher during the month compared to previous month, however the average number of trades per day is less in May than in April.

- All the Nordic markets rose during May and increased by 1-3 %. Nordnet's customers in Sweden, Norway, Denmark and Finland made 30 % more trades compared to the same month last year, says Johan Tidestad, Head of Communications at Nordnet.

Table: Nordnet's total trades on all exchanges and market places for all customers, and average number of trades per day. Average number of trades per day is calculated as total trades divided by the number of days the Swedish exchanges are open.
