

# CybAero regains export authorization from ISP

On appeal, the Inspectorate for Strategic Products (ISP), has reversed its decision to recall CybAero's previously issued export authorization. The currently valid export authorization refers to a helicopter system for demonstration flights in China with the end customer AVIC Supply and Marketing Huabei CO. LTD.

**About CybAero**

*CybAero develops and manufactures Remotely Piloted Aircraft Systems (RPAS) for safer and more effective aerial operations in various environments, including those hazardous in nature. The company has made a great international impact with its APID One helicopter, which can be adapted for both military and civilian applications such as coastal and border surveillance, search and rescue missions, and mapping. CybAero's head office is located in the Mjärdevi Science Park in Linköping, Sweden. The company has around 50 employees and has been listed on the Nasdaq First North since 2007. FNCA Sweden AB is the company's Certified Adviser.*
