

GAMING CORPS

The Descendant Episode 3: What Lies Beneath released on Steam now!

What Lies Beneath, Silas is forced to face the consequences of his actions, Randolph reveals his reasons for being in Ark-01, while Donnie ventures deeper into the Ark and makes a deadly discovery.

The end of the world is only the start. With what remains of humanity protected in underground Ark facilities, your mission is to keep survivors alive, while discovering a far greater conspiracy buried within Ark-01.

Who lives, who dies, and the fate of the new world rest solely in your hands. Will you save humanity or will you doom us all?

Many improvements are coming with this release of Episode 3 including new UI, new puzzles and much more.

We are also now working with SIDE UK, Europe's award-winning leader in providing casting services to the video games industry.

As a result the game has been updated with new voice performances with top talents from the Entertainment Industry which is a major improvement to the story flow.

We highly recommend you to play the game from Episode 1 to enjoy the full experience.

“We're proud of the results from our collaboration with SIDE UK.”
Magnus Kolaas, CEO Gaming Corps.
