

BizView continues its very strong growth in the Norwegian market

BizView has in recent years experienced strong growth in the Norwegian market. Our clients include government agencies and ministries, industrial companies, the food industry to all forms of service companies. They range from small and medium-sized companies to large and global companies. In short, BizView are today in all sectors of Norwegian business and administration. It is therefore with great pleasure that we wish our new clients Telemark Kildevann, Norsk Tannhelseforsikring and Trøndertaxi welcome into BizView family.

"There is a common denominator for all BizView customers. Regardless of sector and business, public or private, they need to develop and improve their operations. It's all about taking control and planning their operations in an increasingly competitive world". Pronounce Lars Fjellbirkeland, Managing Director of NCG Norway.

About BizView and NCG Group

BizView is one of the leading systems for forecasting, budgeting, reporting, analysis and consolidation in the Nordic countries. The software provides a web-based Excel-like user interface combined with powerful workflow management. BizView is an open solution that also fits well with QlikView's and Microsoft's business intelligence offerings. BizView is developed and marketed by NCG Group with offices in Scandinavia and is marketed outside Scandinavia by partners. Over 1000 companies use our solutions.
