

PRESS RELEASE

August 23, 2018, Lund, Sweden

Invitation to presentation on August 24, 2018 of Immunovia's interim report January-June 2018 and comments to the press release of August 22 regarding autoimmunity study results

Lund (Sweden) - Immunovia will publish the company's interim report for the period January-June 2018 on Friday, August 24, at 08:30 a.m. CET.

Immunovia invites to a teleconference (in English) for investors, analysts and media on August 24, at 4:00 – 5:00 p.m. CET. Mats Grahn, CEO will present Immunovia and comment on the interim report, as well as comment on the press release of August 22 regarding autoimmunity study results, followed by a Q&A-session.

Please call in a few minutes in advance. To attend, please dial-in at one of the numbers below from:

About Immunovia

Immunovia AB was founded in 2007 by investigators from the Department of Immunotechnology at Lund University and CREATE Health, the Center for Translational Cancer Research in Lund, Sweden. Immunovia's strategy is to decipher the wealth of information in blood and translate it into clinically useful tools to diagnose complex diseases such as cancer, earlier and more accurately than previously possible. Immunovia's core technology platform, IMMray™, is based on antibody biomarker microarray analysis. The company is now performing clinical validation studies for the commercialization of IMMray™ PanCan-d that could be the first blood based test for early diagnosis of pancreatic cancer. In the beginning of 2016, the company started a program focused on autoimmune diseases diagnosis, prognosis and therapy monitoring. (Source: www.immunovia.com)

Immunovia's shares (IMMNOV) are listed on Nasdaq Stockholm. For more information, please visit www.immunovia.com.
