

NORDICPAPER

Don't miss us at Gröna Lund 26th May

On Tuesday 26th May a one-day conference for the forest, pulp and paper industry will be held at the Gröna Lund amusement park in Stockholm for the second consecutive year. We at Nordic Paper will leave the forests of Värmland and make our debut at the event. Speed dating and a ride on the Twister roller coaster are both on offer!

-It will be a unique, fantastic day and evening at the amusement park, filled with discussions, technology and innovations, says Marie Stenquist, Communications Manager at Nordic Paper.

Nordic Paper has chosen to reverse the usual concept: instead of marketing the company via our news and tailor-made solutions, we challenge visitors to come along with their best innovations, thoughts and ideas. We are a company of opportunity. We need creative ideas and welcome everyone who wants to join in and share theirs. For this reason, speed dating will be arranged with some members of the senior management group. It means that a speed date can be booked with Per Bjurbom, Nordic Paper's M.D., Elisabeth Jakobsson, Purchasing Director, Lars Rosén, Production

Director or Lars Löfquist, HR Director. For a period of ten minutes you will have their complete attention, regardless of whether you want to air an opinion or promote yourself for a future job. Moreover, prizes will be dealt out to anyone that has a really good idea, as well as free rides with someone from Nordic Paper on the Twister roller coaster that we have hired for the day.

Representatives from the Media are welcome!
