GomSpace secures new innovation project from Innovation Fund Denmark

Today GomSpace A/S - a subsidiary of GomSpace Group AB (the "Company") together with Aalborg University and Pri-Dana Electronics A/S signed a contract with the Danish Innovation Fund for the Modular Advanced Radio for Satellite Services (MARS2) project. Under this project the partners will collaborate to develop unique technology, production capability and products to enable high bandwidth communication applications of nanosatellites. Innovation Fund Denmark is supporting the project with 28.000.000 DKK whereof GomSpace's direct share is 10.000.000 DKK. The project will be executed over a 4 year period.
