

## Episurf Medical reaches milestone of 300 implants

Episurf Medical (NASDAQ: EPIS B) today announces that the company has reached another milestone by the planning of its 300th surgery with the Episealer® implant in the coming weeks.

"Strong clinical results, a growing user group among European surgeons, our 300th implant in production, a significant increase in the interest for the Episealer® technology within the orthopaedic industry, and most importantly, a continuous flow of successful patient outcomes. All of this sums it up, Episurf Medical is continuing to establish the Episealer® technology as a treatment alternative for early knee cartilage and bone damages" says Pål Ryfors, CEO Episurf Medical.
