LED Electrical Ltd open new electrical wholesale branch in Oldham further expanding their reach across the North of England

For free and immediate distribution

Independent electrical wholesalers LED Electrical Ltd announce the opening of their latest branch which is in Oldham, Greater Manchester.

One of the leading independent electrical wholesalers in the North of England – [LED Electrical Ltd](#) will be broadening their reach with the opening of another branch at the beginning of April.

The internal fixtures within the 6000 square foot branch have been completely upgraded to energy efficient alternatives which have already delivered impressive savings in financial terms and in energy consumption.

The store's lighting has been replaced from Metal Halide to LED which will run at ¼ of the cost. The lighting at the trade counter has also been replaced and now showcases led lighting products from one of their core suppliers Philips as well as low energy fittings from Ansell.

The trade counter and offices have been completely refitted with energy efficient electrical installations. LED Electrical are an independent electrical wholesaler which enables them to supply products from all of the leading electrical manufacturers. Products from the likes of Crabtree, MK, Ansell, Unitrunk, Click Scolmore, Square D, Marco, Bell Lamps, Rointe, Schneider, Philips and Vent Axia will be on display within the new branch as well as fast moving stock lines for customers to select themselves.

The Oldham branch of LED Electrical will stock comprehensive levels of electrical products from an extensive range of electrical suppliers and will be open six days a week.

The opening of the new branch will provide even greater access to their electrical product range across the domestic, industrial and commercial sectors.

Michael Fay, Managing Director said:

"The opening of the Oldham branch less than 12 months after the launch of our Blackburn store is a huge success story for LED Electrical and has enabled us to meet our growth targets for the business. This will enable us to continue to support clients by providing the best service possible with the widest coverage across the North of England."

Enquiries can be made by emailing sales@led-electrical.co.uk or by calling: **01254 53446**
