Board, management and employees acquire 1 million warrants of series TO1

Board, management and employees have today acquired 1 million warrants of series TO1. The purchase is done outside the market by the former guarantor 4X Kapital AB.

The board, management and employees have made a joint decision that no sales of the currently acquired options, series TO1, shall occur earlier than 6 months, 19 October 2018, when the conversion period begins.

"We have been working for a long time to get an option program for the board, management and employees without success as the stock price volatility has been extremely high. The fact that we have now reached an agreement with 4X Kapital AB to acquire a significant volume of warrants (series TO1) feels extremely good", says Daniel Söderberg, CEO Eyeonid Group AB.
