

Organizational changes at ChromoGenics

CFO Susanne Andersson leaves ChromoGenics AB (publ) at her own request.

Susanne remains in her current role during the term of notice of up to 6 months. ChromoGenics has initiated the recruitment process to find a new CFO.

"Susanne has played an important part and successfully contributed to the formation of the company ChromoGenics is today. I thank Susanne for her efforts and congratulate her to the new challenges," says Jerker Lundgren, CEO ChromoGenics.

"It has been an exciting time and it has not been an easy decision to leave the company and my colleagues at a time when it seems that the market really starts to take off and shows interests for the company's products," says Susanne Andersson, CFO ChromoGenics.

About ChromoGenics

ChromoGenics offers dynamic glass with controllable heat- and light transmission. The company's unique technology ConverLight® provides sustainable solar control for increased indoor comfort and energy efficiency. ConverLight® also contributes to Green Building certifications. In 2016 the company started commercial sales to real estate projects in Scandinavia.

ChromoGenics is located in Uppsala, Sweden, and the technology is derived from the world leading research center at Ångström Laboratory at Uppsala University. The plant has been partly financed by a conditional loan from the Swedish Energy Agency. ChromoGenics share (CHRO) is listed on Nasdaq First North Stockholm with G&W Fondkommission as Certified Adviser.
