Item 1 Chairman of the Annual General Meeting

The Nomination Committee proposes that Advokat Sven Unger be elected Chairman of the Annual General Meeting of shareholders 2015.

Item 8.3 Dividend and record date

The Board of Directors proposes a dividend of SEK 3.40 per share and Thursday, April 16, 2015, as record date for dividend. Assuming this date will be the record date, Euroclear Sweden AB is expected to disburse dividends on Tuesday, April 21, 2015.

Item 9.1-9.3 Number of Board members and deputies to be elected by the Annual General Meeting, Board members’ fees, election of the Chairman and other members of the Board of Directors

The Nomination Committee, appointed in accordance with the Instruction for the Nomination Committee resolved by the Annual General Meeting 2012, is composed of the Chairman of the Committee, Petra Hedengran (Investor AB), Carl-Olof By (AB Industrivärden and Svenska Handelsbankens Pensionsstiftelse), Johan Held (AFA Försäkring), Leif Johansson (Chairman of the Board of Directors), and Marianne Nilsson (Swedbank Robur Fonder).

Item 9.1 Number of Board members and deputies of the Board of Directors to be elected by the Annual General Meeting

According to the articles of association, the Board shall consist of no less than five and no more than twelve Board members, with no more than six deputies. The Nomination Committee proposes that the number of Board members elected by the Annual General Meeting of shareholders shall be eleven and that no deputies be elected.

Item 9.2 Fees payable to members of the Board of Directors elected by the Annual General Meeting and to members of the Committees of the Board elected by the Annual General Meeting

The Nomination Committee proposes that fees to non-employee Board members elected by the Annual General Meeting and non-employee members of the Committees of the Board elected by the Annual General Meeting be paid as follows:

- SEK 4,000,000 to the Chairman of the Board of Directors (*previously SEK 3,975,000*);
- SEK 975,000 each to the other Board members (*previously SEK 950,000*);
- SEK 350,000 to the Chairman of the Audit Committee (*unchanged*);
- SEK 250,000 each to the other members of the Audit Committee (*unchanged*);
- SEK 200,000 each to the Chairmen of the Finance and the Remuneration Committee (*unchanged*); and
- SEK 175,000 each to the other members of the Finance and the Remuneration Committee (*unchanged*).

It is important that Board fees are maintained at an appropriate level to make it possible to recruit the best possible international competence to the Board of Directors of Ericsson and to make it possible to keep such competence. The Nomination Committee has compared the Board fees in Ericsson with Board fees in other international high-tech companies and has concluded that an increase of the Board fee and of the fee to the Chairman of the Board is reasonable. When assessing the level of fees, a comparison must be done in relation to the Board fees in companies of equal size and complexity and it must be considered that the Ericsson group has customers in more than 180 countries and that sales amount to more than SEK 200 billion.

Against this background, the Nomination Committee considers well-justified the proposed increases of the Board fee from SEK 950,000 to SEK 975,000 and of the fee to the Chairman of the Board from SEK 3,975,000 to SEK 4,000,000.

The Nomination Committee considers that the fees for Committee work are reasonable, and proposes that these fees remain unchanged.

The proposal of the Nomination Committee implies all in all an increase of the fees of less than 2 percent compared with the total fees to the corresponding number of Board members for Board and Committee work resolved by the Annual General Meeting 2014.

Fees in the form of synthetic shares

Background

The Nomination Committee believes that it is appropriate that Board members elected by the shareholders hold shares in Ericsson, in order to strengthen the Board members' and the shareholders' mutual interests in the company. The Nomination Committee recommends Board members elected by the shareholders to, during a five year period, build a holding of shares or synthetic shares in Ericsson at least corresponding to the value of the annual

MARCH 10, 2015

Board fee (after tax) (excluding fees for Committee work), and that such holding be kept during the time the Board member remain Board member in Ericsson.

To make it possible for Board members to create an economic interest in the company and considering that it is in many cases difficult for Board members to trade in the company's share due to applicable insider rules, the Nomination Committee proposes that the Board members should, as previously, be offered the possibility of receiving part of the Board fees in the form of synthetic shares. A synthetic share constitutes a right to receive payment of an amount which corresponds to the market value of a share of series B in the Company on Nasdaq Stockholm at the time of payment.

Proposal

The Nomination Committee therefore proposes that the Annual General Meeting of shareholders 2015 resolve that part of the fees to the Directors, in respect of their Board assignment (however, not in respect of Committee work), may be paid in the form of synthetic shares, on the following terms and conditions.

- A nominated Director shall be able to choose to receive the fee in respect of his or her Board assignment, according to the following four alternatives:
 - (i) 25 percent in cash – 75 percent in synthetic shares
 - (ii) 50 percent in cash – 50 percent in synthetic shares
 - (iii) 75 percent in cash – 25 percent in synthetic shares
 - (iv) 100 percent in cash.
- The number of synthetic shares to be allocated shall be valued to an average of the market price of shares of series B in the Company on Nasdaq Stockholm during a period of five trading days immediately following the publication of Ericsson's interim report for the first quarter of 2015. The synthetic shares are vested during the term of office, with 25 percent per quarter of the year.
- The synthetic shares give a right to, following the publication of Ericsson's year-end financial statement in 2020, receive payment of a cash amount per synthetic share corresponding to the market price of shares of series B in the Company at the time of payment.
- An amount corresponding to dividend in respect of shares of series B in the Company, resolved by the Annual General Meeting during the holding period, shall be disbursed at the same time as the cash amount.
- Should the Director's assignment to the Board of Directors come to an end no later than during the third calendar year after the year in which the Annual General Meeting resolved on allocation of the synthetic shares, payment may take place the year after the assignment came to an end.

PRESS RELEASE

MARCH 10, 2015

- The number of synthetic shares may be subject to recalculation in the event of bonus issues, split, rights issues and similar measures, under the terms and conditions for the synthetic shares.

The complete terms and conditions for the synthetic shares are described in Exhibit 1 to the Nomination Committee's proposal.

The financial difference for the Company, should all Directors receive part of their fees in the form of synthetic shares compared with the fees being paid in cash only, is assessed to be very limited.

During the fall members of the Nomination Committee also met with Ericsson Board members to get their views on the Board work.

The Nomination Committee is of the opinion that the current Board and Board work is well functioning. Further it is the Nomination Committee's view that the Board fulfils high expectations in terms of composition and that the Board as well as the individual Board members fulfil high expectations in terms of expertise.

against approved account.

Item 9.5 Number of auditors

According to the articles of association, the company shall have no less than one and no more than three registered public accounting firms as auditor. The Nomination Committee proposes that the company should have one registered public accounting firm as auditor.

Item 9.6 Election of auditor

The Nomination Committee proposes that PricewaterhouseCoopers AB be appointed auditor for the period as of the end of the Annual General Meeting 2015 until the end of the Annual General Meeting 2016.

Item 10 Guidelines for remuneration to Group management

The Board of Directors proposes that the Annual General Meeting resolve on the following guidelines for remuneration to Group management for the period up to the 2016 Annual General Meeting. The guidelines proposed do not comprise any material changes compared to the guidelines resolved by the 2014 Annual General Meeting. Information on estimated costs for variable remuneration is appended to the proposal.

Guidelines for remuneration to Group management

For Group management consisting of the Executive Leadership Team, including the President and CEO, total remuneration consists of fixed salary, short- and long-term variable compensation, pension and other benefits.

The following guidelines apply to the remuneration of the Executive Leadership Team:

- Variable compensation is in cash and stock-based programs awarded against specific business targets derived from the long-term business plan approved by the Board of Directors. Targets may include financial targets at either Group or unit level, operational targets, employee engagement targets or customer satisfaction targets.
- All benefits, including pension benefits, follow the competitive practice in the home country taking total compensation into account.
- By way of exception, additional arrangements can be made when deemed necessary. An additional arrangement can be renewed but each such arrangement shall be limited in time and shall not exceed a period of 36 months and twice the remuneration that the individual would have received had no additional arrangement been made.
- The mutual notice period may be no more than six months. Upon termination of employment by the Company, severance pay amounting to a maximum of 18 months fixed salary is paid. Notice of termination given by the employee due to significant structural changes, or other events that in a determining manner affect the content of work or the condition for the position, is equated with notice of termination served by the Company.

Appendix to proposal on Guidelines for remuneration to Group management.

Details of our Remuneration Policy and how we deliver on our policy and guidelines, including information on previously decided long term variable compensation that has not yet become due for payment, can be found in the **Remuneration Report** and in **Note C28**, “Information regarding Members of the Board of Directors, the Group Management and Employees” in the annual report 2014.

With the current composition of the Executive Leadership Team, the Company’s cost during 2015 for variable remuneration to the Executive Leadership Team can, at a constant share price, be estimated to amount to between 0 and 220 percent of the aggregate fixed salary cost, all excluding social security costs.

Item 11.1-11.9 Long-Term Variable Compensation Program 2015 (LTV 2015) including the Board of Directors’ proposal for resolutions on implementation of an all employee Stock Purchase Plan, a Key Contributor Retention Plan and an Executive Performance Stock Plan and, under each plan respectively, transfer of treasury stock

The LTV program is an integral part of the Company’s remuneration strategy, in particular the Board of Directors wishes to encourage all employees to become and remain shareholders and the leadership to build significant equity holdings. Following the Board of Directors’ annual evaluation of total remuneration and ongoing programs, it proposes to make no changes to the structure of Ericsson’s Long-Term Variable Compensation Program.

It is anticipated that the LTV 2015 will require up to 28.4 million shares, corresponding to a dilution of up to 0.88 percent of the total number of outstanding shares, at a cost between SEK 1,488 million and SEK 2,432 million unevenly distributed over the years 2015–2019. The number of shares covered by ongoing programs as per 31 December, 2014, amounts to approximately 65 million shares, corresponding to approximately 1.85 percent of the number of outstanding shares.

Three plans

The LTV 2015 builds on a common platform, but consists of three separate plans.

The Stock Purchase Plan is an all employee plan and is designed to create an incentive for all employees to become shareholders. The aim is to secure commitment to long-term value creation throughout Ericsson.

The Key Contributor Retention Plan is part of Ericsson’s talent strategy and is designed to ensure long-term retention of top-talent with critical skills vital to Ericsson’s future performance. Up to ten percent of the Company’s employees are defined as “key contributors”, based on a rigorous selection process incorporating elements such as individual performance, possession of critical skills and future potential. The Remuneration Committee of the Board of Directors monitors the selection process and nominations for bias of factors such as seniority, gender, age and frequency of award.

PRESS RELEASE

MARCH 10, 2015

The Executive Performance Stock Plan is designed to encourage long-term value creation in alignment with shareholders' interests. The plan is offered to a defined group of senior managers, up to 0.5 percent of the total employee population. The aim is to attract, retain and motivate executives in a competitive market through performance-based share related incentives and to encourage the build-up of significant equity stakes.

Since 2011 the performance measures have been Net Sales Growth, Operating Income Growth and Cash Conversion in order to reflect the business strategy and long term value creation of the Company. It is proposed that the Executive Performance Stock Plan 2015 shall have the same performance criteria for the period 2015 – 2017.

The three performance criteria for the Executive Performance Stock Plan 2015 are:

- **Net Sales Growth:** Up to one third of the award will vest if the compound annual growth rate of consolidated net sales is between 2 and 6 percent comparing 2017 financial results to 2014, which corresponds to consolidated sales of SEK 242 billion and SEK 272 billion for the financial year 2017.
- **Operating Income Growth:** Up to one third of the award will vest if the compound annual growth rate of consolidated operating income is between 5 and 15 percent comparing 2017 financial results to 2014, which corresponds to operating income of SEK 19 billion and SEK 26 billion for the financial year 2017. Extraordinary restructuring charges from the cost and efficiency program announced in November 2014 shall be excluded.
- **Cash Conversion:** Up to one third of the award will vest if cash conversion is at or above 70 percent during each of the years 2015-2017 and vesting one ninth of the total award for each year the target is achieved. Extraordinary restructuring charges from the cost and efficiency program announced in November 2014 shall be excluded.

Financing

The Board of Directors has considered different financing methods for transfer of shares to employees under the LTV 2015, such as transfer of treasury stock and an equity swap agreement with a third party.

The Board of Directors considers transfer of treasury stock as the most cost efficient and flexible method to transfer shares under the LTV 2015.

Costs

The total effect on the income statement of the LTV 2015, including financing costs, is estimated to range between SEK 1,488 million and SEK 2,432 million unevenly distributed over the years 2015-2019. The costs constitute 3 percent of Ericsson's total remuneration costs 2014, including social security fees, amounting to SEK 76 billion.

PRESS RELEASE

MARCH 10, 2015

The calculations are conservative and based on assumptions of present participation rate in the Stock Purchase Plan and full participation in the Key Contributor Retention Plan and the Executive Performance Stock Plan, at maximum contribution levels and with maximum vesting levels for the latter plan.

Costs affecting the income statement, but not the cash flow

Compensation costs, corresponding to the value of matching shares transferred to employees, are estimated to range between SEK 1,391 million and SEK 1,676 million, depending on the fulfillment of the performance targets of the Executive Performance Stock Plan.¹ The compensation costs are distributed over the LTV 2015 period, i.e. 2015-2019.

Social security charges as a result of transfer of shares to employees depend on the performance against the Executive Performance Stock Plan targets and based on an assumed average share price at matching between SEK 30 and SEK 195, the costs are estimated to range between SEK 97 million and SEK 756 million. The social security costs are expected to occur mainly during 2018-2019.

Costs affecting the income statement and the cash flow

Plan administration costs have been estimated to SEK 10 million, distributed over the LTV 2015 period, i.e. 2015-2019.

The administration cost for transfer of shares by way of an equity swap agreement is estimated to approximately SEK 154 million.

Dilution

The Company has approximately 3.3 billion shares in issue. As per 31 December, 2014, the Company held 63.5 million shares in treasury. The number of shares allocated to ongoing programs as per 31 December, 2014, amounts to approximately 65 million shares, corresponding to approximately 1.85 percent of the number of outstanding shares. However, it is not likely that all shares allocated for ongoing programs will be required. In order to implement the LTV 2015, a total of up to 28.4 million shares are required, which corresponds to approximately 0.88 percent of the total number of outstanding shares. The effect on important key figures is only marginal.

Proposals

The Long-Term Variable Compensation Program 2015 (LTV 2015)

The Board of Directors proposes that the Annual General Meeting resolve on the implementation of (1) a Stock Purchase Plan, (2) a Key Contributor Retention Plan, and (3) an Executive Performance Stock Plan.

In order to implement the LTV 2015, the Board of Directors proposes that no more than in total 23,500,000 shares of series B in Telefonaktiebolaget LM Ericsson (hereinafter referred

¹ The compensation costs for an alternative Key Contributor Retention Cash Program may vary depending on the development of the stock price during the qualifying period. This has been disregarded in the calculations since these costs represent a minor part of the overall compensation costs.

to as “the Company” or “Ericsson”) may be transferred to employees in the Ericsson Group and, moreover, that 4,900,000 shares may be sold on Nasdaq Stockholm in order to cover, inter alia, social security payments.

The Board of Directors proposes that the Annual General Meeting resolve in accordance with the proposals set out below.

Item 11.1 Implementation of the Stock Purchase Plan

All employees within the Ericsson Group, except for what is mentioned in the fourth paragraph below, will be offered to participate in the Stock Purchase Plan.

Employees who participate in the Stock Purchase Plan shall, during a 12 month period from the implementation of the plan, be able to invest up to 7.5 percent of gross fixed salary in shares of series B in the Company on Nasdaq Stockholm or in ADSs on NASDAQ New York. The CEO shall have the right to invest up to 10 percent of gross fixed salary and 10 percent of short term variable compensation for purchase of shares.

If the purchased shares are retained by the employee for three years from the investment date and the employment with the Ericsson Group continues during that time, the employee will be given a corresponding number of shares of series B or ADSs, free of consideration.

Participation in the Stock Purchase Plan presupposes that such participation is legally possible in the various jurisdictions concerned and that the administrative costs and financial efforts are reasonable in the opinion of the Company.

Item 11.2 Transfer of treasury stock for the Stock Purchase Plan

a) Transfer of treasury stock to employees

Transfer of no more than 11,900,000 shares of series B in the Company may occur on the following terms and conditions:

- The right to acquire shares shall be granted to such persons within the Ericsson Group covered by the terms and conditions of the Stock Purchase Plan. Furthermore, subsidiaries within the Ericsson Group shall have the right to acquire shares, free of consideration, and such subsidiaries shall be obligated to immediately transfer, free of consideration, shares to their employees covered by the terms and conditions of the Stock Purchase Plan.
- The employee shall have the right to receive shares during the period when the employee is entitled to receive shares pursuant to the terms and conditions of the Stock Purchase Plan, i.e. during the period from November 2015 up to and including November 2019.
- Employees covered by the terms and conditions of the Stock Purchase Plan shall receive shares of series B in the Company, free of consideration.

b) *Transfer of treasury stock on an exchange*

The Company shall have the right to, prior to the Annual General Meeting in 2016, transfer no more than 2,400,000 shares of series B in the Company, in order to cover certain expenses, mainly social security payments. Participation in the Key Contributor Retention Plan presupposes that such participation is legally possible in the various jurisdictions concerned and that the administrative costs and financial efforts are reasonable in the opinion of the Company. The Board of Directors shall however be entitled, but not obligated, to arrange for an alternative cash plan for key contributors in specific jurisdictions, should any of the aforementioned presuppositions prove not to be at hand. Such alternative cash plan shall, as far as practical correspond to the terms and conditions of the Key Contributor Retention Plan.

- Employees covered by the terms and conditions of the Key Contributor Retention Plan shall receive shares of series B in the Company, free of consideration.

b) Transfer of treasury stock on an exchange

Item 11.6 Equity Swap Agreement with third party in relation to the Key Contributor Retention Plan

In the event that the required majority is not reached under item 11.5 above, the financial exposure of the Key Contributor Retention Plan shall be hedged by the Company entering into an equity swap agreement with a third party, under which the third party shall, in its own name, acquire and transfer shares in the Company to employees covered by the Key Contributor Retention Plan.

Item 11.7 Implementation of the Executive Performance Stock Plan

In addition to the regular matching of shares pursuant to the Stock Purchase Plan described above, senior managers, up to 0.5 percent of the employees (presently approximately 550 persons, although it is anticipated that the number of participants will be lower) will be offered an additional matching of shares, free of consideration, within the Executive Performance Stock Plan.

If the shares purchased in accordance with the terms and conditions of the Stock Purchase Plan are retained by an employee for three years from the investment date and the employment with the Ericsson Group continues during that time, the employee will be entitled to the following matching of shares, free of consideration, in addition to the regular matching of one share:

- The President may be entitled to an additional performance match of up to nine shares for each one purchased.
- Other senior managers may be entitled to an additional performance match of up to either four or six shares for each one purchased.

PRESS RELEASE

MARCH 10, 2015

The nomination of senior managers will be on the basis of position, seniority and performance at the discretion of the Remuneration Committee, which will approve participation and matching share opportunity.

The terms and conditions of the additional performance match under the Executive Performance Stock Plan will be based on the outcome of three targets, which are independent of each other and have equal weighting. The three targets are:

- Up to one third of the award shall vest provided the compound annual growth rate (CAGR) of consolidated net sales between year 0 (2014 financial year) and year 3 (2017 financial year) is between 2 and 6 percent, which corresponds to consolidated sales of SEK 242 billion and SEK 272 billion for the financial year 2017. Matching will begin at a threshold level of 2 percent CAGR and increase on a linear scale to full vesting of this third of the award at 6 percent CAGR.
- Up to one third of the award shall vest provided the compound annual growth rate (CAGR) of consolidated operating income between year 0 (2014 financial year) and year 3 (2017 financial year) is between 5 and 15 percent, which corresponds to consolidated operating income of SEK 19 billion and SEK 26 billion for the financial year 2017. Extraordinary restructuring charges from the cost and efficiency program announced in November 2014 shall be excluded. Matching will begin at a threshold level of 5 percent CAGR and increase on a linear scale to full vesting of this third of the award at 15 percent CAGR.
- Up to one third of the award will be based on the cash conversion during each of the years during the performance period, calculated as cash flow from operating activities divided by net income reconciled to cash. Extraordinary restructuring charges from the cost and efficiency program announced in November 2014 shall be excluded. One ninth of the total award will vest for any year, i.e. financial years 2015, 2016 and 2017, if cash conversion is at or above 70 percent.

The Board of Directors considers that long-term value creation will be reflected in the success of these targets, aligning executives with long-term shareholder interests. There will be no allocation of shares if none of the threshold levels have been achieved, i.e. CAGR is less than 2 percent for net sales and less than 5 percent for operating income, and a 70 percent cash conversion has not been achieved during the performance period. The minimum matching at the threshold levels is 0. The maximum number of performance matching shares – 4 shares, 6 shares and 9 shares respectively – will be allocated if the maximum performance levels of CAGR of 6 percent for net sales and 15 percent for operating income have been achieved, or exceeded, and a cash conversion of 70 percent or more has been achieved each year during the period.

Before the number of performance shares to be matched are finally determined, the Board of Directors shall examine whether the performance matching is reasonable considering the Company's financial results and position, conditions on the stock market and other circumstances, and if not, as determined by the Board of Directors, reduce the number of

performance shares to be matched to the lower number of shares deemed appropriate by the Board of Directors. When undertaking its evaluation of performance outcomes the Board of Directors will consider, in particular, the impact of larger acquisitions, divestitures, the creation of joint ventures and any other significant capital event on the three targets on a case by case basis.
