**About IRRAS™**

IRRAS is a commercial-stage medical technology company focused on designing, developing and commercializing innovative solutions for various brain pathologies, with a goal of dramatically improving patient outcomes, reducing patient-time in the intensive care unit and medical ward, and providing significant health economic benefits to hospitals and healthcare providers.

The Company's initial product focus is on intracranial fluid management solutions that utilize its proprietary platform technology, *IRRAflow*, which is a CE-marked, fully integrated, closed-circuit medical device system that enables intelligent intracranial fluid management as well as accurate, real-time monitoring of intracranial pressure.

With its unique product portfolio, protected by key intellectual property patents and patent applications, IRRAS is well-positioned to improve patient outcomes and establish a leadership position in the medical device market. IRRAS maintains its headquarters in Sweden with corporate offices in Germany and La Jolla, CA, USA.

IRRAS started to sell *IRRAflow* in Europe the summer 2017. A 510 (k) application was submitted in June 2017. IRRAS is traded on the Nasdaq First North Premier in Stockholm under the symbol IRRAS.

The information was released for public disclosure, through the agency of the contact person above, on February 20 at 10.00 a.m. (CET).
