"The share capital shall be not less than SEK 1,700,000 and not more than SEK 6,800,000", and

that the Annual General Meeting also resolves to amend §5 of the Articles of Association from its current wording

"The number of shares shall be not less than 5,000,000 and not more than 20,000,000." to  
"The number of shares shall be not less than 17,000,000 and not more than 68,000,000."

#### **Proposal for resolution on Employee Stock Option Plan (Item 16)**

##### **(i) Employee Stock Option Plan 2017**

The Board of Directors proposes that the Annual General Meeting resolves to adopt Employee Stock Option Plan 2017 (the "**Program**") on principally the following terms:

- 1) The Board of Directors and the Chief Executive Officer are entitled to, within the scope of the Program, resolve on allotment of maximum 413,500 employee stock options to key personnel in the Company and Moberg North America. It will be permissible to allot a maximum of 62,000 employee stock options per Program participant.

- 2) It is proposed that the participants in the Program are divided in two categories: the senior executives' [Anna Ljung, Martin Ingman, Kjell Rosenfeldt, Jeff Vernimb and Peter Wolpert] ("**Group 1**") and other participants ("**Group 2**"). The Board of Directors and the Chief Executive Officer shall decide which persons shall be encompassed in Group 2 based on position, qualification and individual performance. The participants in Group 1 and 2 are jointly referred to as "**Participants**".
- 3) Within Group 1, Anna Ljung and Martin Ingman are proposed to be allotted 30,000 employee stock options each, Kjell Rensfeldt is proposed to be allotted 45,000 employee stock options, Jeff Vernimb is proposed to be allotted 62,000 employee stock options and Peter Wolpert is proposed to be allotted 55,000 employee stock options. The number of employee stock options to be allotted to Group 2 participants will be resolved by the Board of Directors and the Chief Executive Officer and may be adjusted proportionally based on each person's time as an employee or as a consultant in the Company or Moberg North America.
- 4) The allotment of employee stock options will take place immediately, in connection with the 2017 Annual General Meeting. Participants in the Program shall be allotted the employee stock options free of charge.
- 5) In order to use all allotted employee stock options the Participants must (i) at the latest on July 1<sup>st</sup>, 2017 have invested in shares of the Company up to a certain value as set out below and (ii) keep equivalent number of shares of the Company until the employee stock options have vested and can be exercised. Participants in Group 1 must invest in shares of the Company up to a value of at least 1.5 monthly salaries (based on fixed gross salary at the time of the Annual General Meeting 2017). Shares already held and that are subject to transfer restrictions or similar pursuant to the Company's previous incentive programs shall not be included for the purpose of calculating the actual investment made by Group 1 participants. The Board of Directors and the Chief Executive Officer may determine what value and number of shares the Group 2 participants must have acquired and kept in the Company to be entitled to use all allotted shares.
- 6) For participants in Group 1, the right to exercise allotted employee stock options will be reduced proportionally if the participant has not invested in shares of the Company at the applicable minimum level (as set out above) on July 1<sup>st</sup> 2017, at the latest. A Group 1 participant's right to exercise any allotted employee stock options will lapse entirely if the participant divests such shares prior to vesting. A Group 2 participant will be entitled to exercise only 50 per cent of the employee stock options allotted if the participant has not invested in shares of the Company at the applicable minimum level (as determined by the Board of Directors and the Chief Executive Officer), on July 1<sup>st</sup> 2017, at the latest, or divested any such shares.
- 7) Provided that the conditions for use have been fulfilled, each employee stock option shall entitle the holder to subscribe for one (1) new share in the Company at a subscription price equivalent to 110 per cent of the volume-weighted average price paid for a share in the Company on the Nasdaq Stockholm during ten trading days following the 2017 Annual General Meeting, however never less than the share quotient value.
- 8) The employee stock options are vested as per June 30<sup>th</sup>, 2020 and can be used for subscription of new shares in the Company from June 30, 2020 until December 31, 2021.
- 9) The employee stock options are linked to the employment or the consulting agreement in the Company and Moberg North America, respectively. Should the employment in the Company or Moberg North America terminate due to redundancy, illness, retirement pursuant to a succession plan approved by the Company (or similar) the employee may exercise the employee stock options not yet vested pro rata in relation to the time passed since the date

the employee stock options were allotted until the termination date, and the remainder of the employee stock options will lapse. Should the employment in the Company or Moberg North America terminate due to any other reason, or if a consulting agreement with these companies is terminated, the employee stock options not yet vested will generally expire. Employee stock options that the employee or the consultant is entitled to exercise after termination of the employment or consulting arrangement shall be exercised at the latest six months thereafter. The employee stock options shall not be securities and may not be transferred, pledged or otherwise disposed of by the holder of employee stock options.

- 10) The Board of Directors shall resolve on the detailed terms and conditions for the Program 2017 and, in the event of company related changes, market conditions, local legislation or other rules, regulatory changes, or other occurrences, the Board of Directors shall be entitled to make deviations from and adjustments of the terms and conditions of the Program (e.g. changes to the investment and vesting condition for participants residing in the U.S.) or deduct all or parts of the employee stock options in cash.
- 11) In view of the above proposed terms, the size of the allotment and other circumstances, the Board of Directors assesses that the proposed Program is well-balanced and that it will be beneficial for the Company and its shareholders.

**(ii) Issue of warrants to Incentives**

In order to secure the Company's commitments under the Program the Board of Directors proposes that the Annual General Meeting resolves on an issue of a maximum of 413,500 warrants on principally the following terms:

- 1) The warrants shall be issued free of charge and the right to subscription shall, with a deviation from the preferential right of the shareholders, be assigned to Incentives.
- 2) Subscription of warrants shall take place at the latest on May 26, 2017, with the right for the Board of Directors to extend the subscription period.
- 3) Each warrant shall entitle the holder to subscribe for one (1) new share in the Company at a subscription price equivalent to 110 per cent of the volume-weighted average price paid for a share in the Company on Nasdaq Stockholm during ten trading days following the 2017 Annual General Meeting, however never less than the share quotient value.
- 4) Subscription for new shares in the Company with the support of the warrants shall take place no later than December 31, 2021.
- 5) The new shares will entitle to dividend for the first time on the record date that occurs after the new shares has been registered at the Swedish Companies Registration Office (Sw: *Bolagsverket*) and after the shares have been recorded in the share register maintained by Euroclear Sweden AB.
- 6) In the event that all warrants issued in respect of the Program are used to subscribe for new shares, the Company's share capital will increase by SEK 41,350 from SEK 1,741,184.20 to SEK 1,782,534.20. This is equivalent to a dilution of approximately 2 per cent of the shares and votes in the Company.
- 7) Terms and conditions as set out in the Board of Directors' complete proposal apply to the warrants.

The reasons for deviating from the shareholders' preferential rights are that the issue constitutes part of the implementation of the Program. The Board of Directors assesses that a long-term personal

ownership commitment among the employees and the consultants will lead to an increased interest in the business and the result, and therefore improves the motivation of the employees and the consultants. It is advantageous for the Company to be able to offer employees and consultants an opportunity to participate in the Company's development. The Board of Directors therefore assesses that the proposal, with regard to the terms, appears to be reasonable.

**(iii) Approval of transfer of warrants or shares in the Company to employees in the Company, etc.**

The Board of Directors proposes that the Annual General Meeting resolves to approve that Incentives is entitled to transfer not more than 413,500 warrants or shares in the Company, with deviation from the shareholders' preferential rights, to employees and consultants in the Company and Moberg North America, who have received employee stock options under the Program, or otherwise dispose of the warrants, in order to secure the Company's commitments in connection with the Program. The number of warrants or shares that are transferable under the Program will be subject to recalculation should a bonus issue, share split, rights issue and/or similar corporate events occur in the interim period.

**Costs for the Program**

The Board of Directors assesses that Program will lead to costs the form of accounting salary costs of approximately SEK 4 million, and additionally social security contributions.

**Preparation of the proposal of the Program**

The proposal regarding the Program has been prepared by the Company's Remuneration Committee and has been presented to the Board of Directors.

**Previous incentive programs in the Company**

**Majority requirement**

The Annual General Meeting's resolution on the above items (i) – (iii) shall be adopted together as one resolution. A resolution in accordance with the Board of Director's proposal requires the approval of shareholders representing at least nine tenths of the votes cast and the shares represented at the Meeting.

**Proposal for resolution regarding authorization for the Board of Directors to issue new shares (Item 17)**

The Board of Directors proposes that the Annual General Meeting authorize the Board of Directors to, within the scope of the articles of association, with or without deviation from the shareholders' preferential right, on one or several occasions during the period until the next Annual General Meeting, resolve to increase the Company's share capital by issuing new shares in the Company. The total number of shares issued in accordance with this authorization may be equivalent to a maximum of twenty (20) per cent of the shares in the Company at the time of the 2017 Annual General Meeting. The issues shall be made with issue rates at market rate, and where applicable be subject to issue discount at market rate, and payment shall, apart from payment in cash, be made in kind or by set-off or otherwise with conditions. The purpose of the authorization and the reasons for any deviation from the shareholders' preferential right is that the Company shall be able to carry out issues in order to finance the Company's business, commercialization and development of the Company's products and/or the acquisition of products, project portfolios, businesses, companies or parts of companies.
