

PRESS RELEASE

Moberg Pharma signs exclusive agreement for Emtrix® in the Middle East and Africa

STOCKHOLM, November 5th, 2018, Moberg Pharma AB (OMX: MOB) has signed an exclusive agreement with Mundipharma to commercialize Emtrix® in the Middle East and Africa, starting in 2019.

Moberg Pharma signs an exclusive agreement with Mundipharma to commercialize Emtrix®, Moberg's lead fungal nail product. Moberg Pharma will exclusively supply the product, and Mundipharma will be responsible for local registration and commercialization in the Middle East and Africa, focusing initially on three markets in the region.

"We look forward to developing our relationship with Mundipharma and making Emtrix® available in new regions as we expand our footprint in growing markets", says Peter Wolpert, Moberg Pharma's CEO.

"This newly signed agreement with Moberg Pharma will give onychomycosis patients in MEA region access to one of the leading treatments for this common and uncomfortable nail fungal condition", said Dr. Ashraf Allam, Vice President of Mundipharma META.

About Emtrix® and Onychomycosis

Approximately 10% of the general population suffer from onychomycosis and a majority of those afflicted go untreated. The global market opportunity is significant with more than hundred million patients worldwide and a clear demand for better products. Emtrix® is a topical, prescription-free, over-the-counter product used to treat nail disease, also sold under the names Kerasal Nail® and Naloc™/Nalox™. Launched in late 2010, it quickly became the market leader in the Nordics and the best-selling product in its category in the U.S. Emtrix® has a unique and rapid mechanism of action, the safety and efficacy of which has been demonstrated in several clinical studies including more than 600 patients, most recently in a European clinical study in 2017 showing visible improvement after just one week for nails affected by onychomycosis and/or nail psoriasis.
