Moberg Pharma divests three brands for \$10.0 million

STOCKHOLM, March 7, 2016. Moberg Pharma AB (OMX: MOB) announces that the company has entered into an agreement with Strides Pharma Inc. to divest the brands Jointflex, Fergon and Vanquish for a total consideration of \$10 million plus the inventory value at closing.

Moberg Pharma's strategy is to build value through profitable growth of strategic brands, increasing the value of pipeline assets and acquisitions.

Divesting the three brands enables Moberg Pharma to focus on its core business. The three divested brands had total net sales of \$6.1 million in 2015 and originated from earlier acquisitions where the primary purpose was to acquire strategic assets in specialty skin care. The divestment results in a capital gain of \$3 million.

The transaction is expected to close within the next four weeks.

"We are pleased with the agreement with Strides which enables us to further focus on our strategic assets and M&A activities. The transaction also results in a capital gain for our shareholders", says Peter Wolpert, CEO Moberg Pharma.
