

NGM Notice Financial Markets #18-655

Stockholm 2018-04-18

No market making in certain ETPs

Due to technical problems on NASDAQ, issuers are not able to act as market makers in certain instruments. This affects mainly instruments with Nordic underlyings.

The instruments concerned will be in an Order Protection Auction thus preventing any trades being executed until the market maker returns with prices. Market making will be resumed as soon as possible.
