

PRESS RELEASE

Stockholm 2017-11-21

Scandinavian Biogas' Board will evaluate various strategic and capital structure alternatives

As part of the Group's strategic plan, the Board of Directors and Group management are working as earlier announced on a prospective listing of the Company's share in a suitable marketplace.

Parallel to the ongoing work, the Board of Directors will evaluate various strategic and capital structure alternatives to create and realize value of the Group's business opportunities as well as to maximize shareholder value, in co-operation with its advisors.
