Billboard Charting Dance Diva Releases New Music Video Featuring Drag Queen

Following the iTunes Release of SUPERCHARGED (Deluxe Edition), Kwanza Jones and Pollo Del Mar Deliver An Outrageous Music Video for the Bonus Track, "Made U Look"

(March 5, 2013 – Los Angeles, CA) Succeeding four appearances on **Billboard Magazine's** Dance charts and an exclusive **iTunes** release of the full length **SUPERCHARGED (Deluxe Edition)**, Dance/Pop artist **Kwanza Jones** has released a music video for a bonus track titled, "**Made U Look**". This song features San Francisco-based drag performer and media personality, **Pollo Del Mar**. The video will debut on the [Kwanza Jones YouTube Channel](#) Tuesday, March 5, 2013.

Enlisting a broad cast of characters and locations, the "**Made U Look**" music video highlights the fun of diversity. From a cameo by America's favorite "meter maid" turned comedienne, **Jackie Pucci** of "All Worked Up", to a back alley showdown between **Facebook** and **MySpace**, this bonus track embraces the lighter side of **Kwanza Jones**. **Pollo Del Mar** adds, "So many times during my drag career I have stopped and asked myself, 'Is this really happening? Am I really having this experience?' As if going into the studio with Kwanza and Luke Tozour to write and record a song I legitimately LOVE wasn't amazing enough, now I am part of this hilarious, ridiculous and very campy video! If this is all a dream, please, nobody wake me!" To view the music video for **Made U Look**, Click [here](#).
