

## The Buller Group, LLC Successfully Recruits its 3000th Polygraph Candidate

RESTON, VA, November 7, 2013 – Experiencing rapid growth in its 12th year in business, [The Buller Group](#) is proud to announce the successful recruitment of its 3000th TS/SCI with polygraph candidate. In addition to recruiting these highly cleared professionals, The Buller Group is tracking similar numbers across its national security business: Homeland Security, Defense and Justice/FBI placements.

As of Q3 2013, The Buller Group has recruited 376 professionals with a TS/SCI with polygraph and 285 Homeland Security and Justice/FBI professionals. “We have the capacity to fill approximately 750 TS/SCI with polygraph positions per year for our clients, and continue to build that capacity each year. Combining the strength of our world-class recruiting team, our cleared sourcing center and our monthly specialized events including virtual fairs, we continue to offer unmatched capability in this space,” said Robert Buller, CEO of The Buller Group.

As a leader and innovator in the national security human capital market, The Buller Group continues to add new service offerings to meet the needs of its diverse client base. Most recently, The Buller Group introduced Volume Discount Search and Temp-to-perm Staffing Solutions. “With such a large service offering, we are able to customize and bundle our services in a way that rapidly fills our clients’ most difficult-to-fill, cleared positions while offering a more flexible financing approach,” said Brooke Sephiri, Vice President of Talent and Business Process at The Buller Group.
