## **Cybercom signs agreement with Apotek Hjärtat**

**Cybercom will supply its Compliance Portal service for information and IT security to Apotek Hjärtat. A contract has been signed for all the company's operations.**

With around 390 pharmacies throughout country and sales of approximately SEK 12 billion, Apotek Hjärtat is Sweden's largest private pharmacy operator. Apotek Hjärtat is part of the ICA Group.

"Digitalisation creates new opportunities for large and complex environments. Our Compliance Portal is a methodology and process support that creates efficiency for systematic compliance management and monitoring," says Mikael Sundberg, Business Developer Secure, Cybercom Sweden.

The Cybercom Compliance Portal service is a professional governance, risk and compliance (GRC) tool with full support for risk management that is used by companies and organisations in banking and finance, the public sector and commerce. The Compliance Portal supports innovative processes in regulatory compliance through interactive compliance management, and shows the status of operational security in real time.

"Apotek Hjärtat is a new client for Cybercom, and we are very proud that they have chosen us and our GRC service. Our ambition is to become their most trusted partner in the digital world," says Niklas Flyborg, President and CEO, Cybercom Group.

### **About Cybercom**

Cybercom is an IT consultant that assists leading companies and organisations to benefit from the opportunities of the connected world. Each individual employee is a win for us. It is our employees who drive forward Cybercom's development. Our consultants, and the solutions we create, take us all the way from public sector e-services in Sundsvall, Stockholm and Helsinki to operators and mobility in the Caribbean islands, via the UN Global Compact, driverless cars, national electronic identification, connected sewing machines and elevators. The company's areas of expertise span the entire ecosystem of communications services and security. Cybercom's domestic market is the Nordic region, and in addition the company offers global delivery capacity for local and international business. Cybercom was founded in 1995.
