Åkerströms Björbo AB, receives order from international manufacturer of surface preparation equipment

Åkerströms, which is part of the Allgon Group, announces that a radio control order of 1.3 MSEK has been obtained from a leading international manufacturer of surface preparation equipment.

The order comes from a returning customer and includes a tailor made, robust and secure radio control system for mobile applications. This multinational customer employs about 450 people and has a global network of more than 70 dealers around the world. The order goes through Åkerströms' Dutch distributor ART4.

- *The collaboration with ART4 was started in 2009, and over the years we have delivered a large number of radio systems to this customer. This testifies to our good, long-term customer relations and product reputation," says Anna Stiwne, VP of Sales at Åkerströms.*
