About Tobii

Tobii is the global leader in eye tracking. Our vision is a world where all technology works in harmony with natural human behavior. Tobii has pioneered research in many fields and enables communication for tens of thousands of people with special needs. We also focus on changing how people interact with technology in computers, games and cars. Tobii operates through three business units: *Tobii Dynavox* makes specially designed computers that are controlled by eye movement or touch screens for use by people with special needs due to spinal cord injuries, CP, ALS or other medical conditions. *Tobii Pro* develops and sells eye-tracking equipment and services used today by more than 2,000 companies and 1,500 research institutions, including 49 of the world's 50 highest ranked universities. *Tobii Tech* further develops Tobii's technology for new volume markets such as computer games, personal computers and vehicles. Tobii covers the global market through its offices in Sweden (headquarters), the USA, China, Japan, Germany, the UK, and Norway, along with a global network of resellers. The Group has approximately 570 employees and has achieved rapid annual growth since it was founded in 2001.
