## Proact's annual report is Sweden's best!

On the 27<sup>th</sup> September 2017 at a gala in Sweden, Proact's annual report for the fiscal year 2016 was awarded the best, out of all the companies listed on the Nasdaq Stockholm Small Cap.

It was the 52<sup>nd</sup> time the award "Sweden's best annual report" was handed out by FAR (The institute for the accountancy profession in Sweden), Nasdaq Stockholm, Sweden's Financial Analysts Association and The Swedish Association of Communication Professionals.

We are incredibly honored and proud to have received this award, especially considering the competition in the Small Cap segment was particularly tough this year. Our aim is to describe our offering in a clear and understandable way, combined with transparent financial reporting. We were pleased to see that the jury acknowledged as well as highlighted that the content and charts were stringent, sharp and free from empty phrases, said Peter Javestad, Vice President IR at Proact.

The jury's motivation for the award:

"The company shows that it is possible to present both a detailed and enjoyable presentation of a small listed company in an industry challenged by critical information."
