

Dunlee to showcase DA200 replacement tube at FIME 2012

August 8, 2012

Miami, Florida – FIME 2012 Booth #1210 – Dunlee, a division of Philips Healthcare, will showcase the DA200 replacement CT tube at FIME 2012 at the Miami Beach Convention Center in Miami, Florida from August 8-10. This tube is specifically designed as a replacement for use in the GE LightSpeed* and BrightSpeed* Series CT systems.

This year, Dunlee's FIME booth features an exciting new addition: a DA200 cutaway tube and housing. Dunlee removed portions of the housing and insert, providing visitors with a unique opportunity to see the inside of a CT tube.

To view the DA200 cutaway tube or to learn more about Dunlee's product offerings, visit booth #1210!
