Akelius acquires in England

Akelius Fastigheter acquires 32 residential properties worth SEK 2 billion. The properties are mainly located in London. The seller is Akelius Apartments Ltd.

CEO Pål Ahlsén: The Akelius Group has now consolidated all properties under Akelius Fastigheter AB. As in Sweden, Germany and Canada, the demand in England is high for apartments that have been upgraded to First Class. This is the reason for the positive development of the English investments.
