Important information

The information in this press release does not constitute an offer to acquire, subscribe for or otherwise trade in shares, subscription rights or other securities in Meda. Any invitation to the persons concerned to subscribe for shares in Meda will only be made through the prospectus referred to in this press release.

This press release may not be released, published or distributed, directly or indirectly, in or into the United States, Australia, Canada, Hong Kong, Japan, New Zealand, South Africa or any other jurisdiction where such action is wholly or partially subject to legal restrictions or where such action would require additional prospectuses, registrations or other actions in addition to what follows from Swedish, Danish or English law. Nor may the information in this press release be forwarded, reproduced or disclosed in a manner that contravenes such restrictions or would entail such requirements. Failure to comply with this instruction may result in a violation of applicable securities laws.

No subscription rights, BTAs (interim shares) or new shares have or will be registered under the U.S. Securities Act of 1933, as amended, ("Securities Act") or securities legislation in any state or other jurisdiction in the United States and may not be offered or sold, directly or indirectly, in or into the United States, except pursuant to an available exemption from the registration requirements of the Securities Act and in compliance with the securities laws of any state or other jurisdiction of the United States.

This press release may contain forward-looking statements which reflect Meda's current view on future events and financial and operational development. The words "intend", "estimate", "expect", "may", "plan", "anticipate" or similar expressions regarding indications or predictions of future developments or trends and which are not statements based on historical facts constitute forward-looking information. Although Meda believes that these statements are based on reasonable assumptions and expectations, Meda cannot give any assurances that such statements will materialize. Forward-looking statements are in its nature involved with both known and unknown risks and uncertainties, since it is depending on future events and circumstances. Forward-looking statements do not constitute any representations and warranties and the outcome could differ materially from the information set out in the forward-looking statements.
