

Press Release

Addtech appoints Malin Enarson as new CFO

Addtech has today appointed Malin Enarson as new CFO. Malin has a long experience within the Group from various functions within finance. Malin Enarson most recently comes from the role as Business Controller in the business area Addtech Power Solutions, the business area which incoming CEO Niklas Stenberg currently is responsible for. In connection with this management change, the current CFO Christina Kassberg leaves the company.

- Malin has a unique knowledge of, and experience of, Addtech after her 14 years in the Group. This makes her, in addition to her financial skills, very well suited to take on the role as the Group's new CFO, says Johan Sjö, CEO.

Malin Enarson holds a BSc from the School of Business, Economics and Law at the University of Gothenburg, and worked as an auditor before starting her career within Addtech.

- At the same time, we want to thank Christina for all her efforts in the company during the years she worked in Addtech, concludes Johan Sjö.
