GHP is an internationally active health care provider that operates specialist clinics in a select number of diagnostic areas through the application of a business model that is unique in the health care industry, where leading doctors become partners and shareholders. Each clinic specialises in a particular patient group, and this leads to increased efficiency and higher quality. This is the cornerstone of GHP's business philosophy – "Quality through specialisation". GHP shares are traded on the Small Cap list of Nasdaq Stockholm under the ticker symbol "GHP".

This is a translation of the Swedish version of the press release. When in doubt, the Swedish wording prevails.
