

Sherwin-Williams UK receives BCF Coatings Care Progress Award

For the seventh consecutive year, records were set at the British Coatings Federation (BCF) awards dinner held on the 24th of November in Manchester, England. Nearly 140 guests gathered to celebrate success stories from the coatings industry, with 31 shortlisted entries from 25 different manufacturers. For Sherwin-Williams UK Coatings, based in Knottingley, the event ended in triumph as the business received the prestigious Coatings Care Progress Award, which was accepted on behalf of the team by Alan Bradwell, Technical Sales Manager.

"We are grateful to the BCF for this award which is a fantastic recognition of the work we all do at Sherwin-Williams Product Finishes to ensure we all have a safe place to work and that we do everything we can to minimise our impact on the environment", says Graham Buchan, MD West Region for Sherwin-Williams Product Finishes Division.

The British Coatings Federation is the sole UK Trade Association representing the interests of manufacturers within decorative-, industrial- and powder coatings, printing inks and wall-covering products.
