Polygon strengthens market position in Norway

Polygon Norway has acquired one of its franchise companies, Polygon Nord AS in Tromsø. The acquisition will add 40 employees and annual sales of NOK 50 million.

“We are very happy to have reached an agreement with Polygon Nord. We have had a close partnership during the last 25 years, and Polygon Nord has always represented us very well in their region. By bringing Polygon Nord into our company we see opportunities for developing new and even better solutions for our customers. Polygon Nord and their great experience within large & complex losses will play an important role in our growth strategy within this service area.” says Kai Andersen, Country President.
