

For Immediate Release

Trelleborg and Jetseal Inc. Sign Distribution Agreement for Aerospace Metallic Seals

Trelleborg Sealing Solutions and Jetseal Inc. are proud to announce the signing of an exclusive distribution agreement for advanced specialty metallic aerospace seals covering the whole of the European aerospace market.

The recently signed distribution agreement combines the wide aerospace market presence of Trelleborg Sealing Solutions with the highly engineered metallic seals expertise of HEICO's Jetseal, Inc.

Michel Prouff, Director Global Marketing Aerospace for Trelleborg Sealing Solutions, says: "Trelleborg Sealing Solutions continues to rapidly expanding into the European aerospace engine market and this new distribution agreement with Jetseal Inc. offers significant market opportunities for both companies."

In addition to its wide range of aerospace seals, Trelleborg Sealing Solutions is now offering a full line of metallic seals, ranging from industry standard AS1895 e-seals to complex multi-convolution seals for sealing high pressure and temperature engine applications. Additionally, the new partnership will allow Trelleborg Sealing Solutions to offer seals for use in the hot section of the turbine engine up to +750 °C.
