

HANZA awarded with Business Price

Manufacturing strategist HANZA has been awarded Årjängs Municipality Business Price 2018

The motivation for the award reads:

"The company has doubled its turnover in a few years and is a leading high technology cluster that is competitive in the global market. A more stable and profitable growth company is hardly available throughout Sweden in the manufacturing industry. "

"We feel honored to be awarded this price from Årjäng Municipality," says Dag Furtemark, Cluster Manager Sweden at HANZA. "We have worked hard to build a complete manufacturing cluster here in Värmland, which is competitive in terms of efficiency, total cost and minimized environmental impact."

About HANZA:

HANZA modernizes and streamlines the manufacturing industry. We create shorter lead time with more environmentally friendly processes and increase profitability for clients by bringing together different manufacturing technologies locally. Founded in 2008, HANZA today has an annual revenue of more than one million SEK and operates in Sweden, Finland, Estonia, Poland, Czech Republic and China. Among HANZA's clients are leading companies like ABB, Perkin Elmer, Atlas Copco and Kone. For more information visit www.hanza.com
