

New CEO of Rejlers Ingenjörer

(REJL B)

Conny Udd is appointed as the new CEO of Rejlers Ingenjörer, the largest company in the Rejler Group. The company has over 900 employees and provides engineering services in Sweden. Conny Udd takes office on January 1th, 2013.

"Rejlers has many talented leaders. I am very pleased that Conny Udd accepts the CEO position when Jonas Nilsson now resigns due to personal reasons. Jonas has done a fantastic job over the last few years, when Rejlers has grown rapidly in Sweden and I am convinced that Conny successfully will take over the lead", says Eva Nygren, President and CEO of Rejlers.

Conny Udd has worked in Rejlers in a total of 15 years and has a track record as consultant, group- and site manager. He leaves his most recent position as deputy CEO and marketing manager in Rejlers Ingenjörer.

Jonas Nilsson joined Rejlers 1999 and for the past three years he has been CEO of Rejlers Ingenjörer. Jonas will continue to work as project manager for major assignments at Rejlers. He will also be responsible for the "Senior Advisory Board" whose task is to support the Group management in the development of Rejlers.
