

## Rejlers signs contract with Vattenfall Sales in the Nordic countries

(REJL B)

Vattenfall AB Sales in the Nordic countries has chosen the Rejler group company Rejlers Energitjänster AB as partner when the company intends to increase its sales of electricity in Norway. The contract implies that Rejlers will be the representative of Vattenfall for the messages and reports business and for the collection of measurement test results. Rejlers is today the leading, independent operator for services to electricity trading companies and net companies on the Swedish market and concentrates actively on growing on the remaining Nordic market. Rejlers was approved by Statnett as representative on the Norwegian market on 2007-12-01.

*“At Vattenfall we are very pleased with the contract that has been signed with Rejlers Energitjänster. As we now actively focus on the Nordic market it is important for us to have a competent and stable partner with long experience within the messages- and measurement test results business. We are also positive to get a partner with knowledge within the energy area in total.”* says Carl-Gustaf Angelin, Vattenfall Sales in the Nordic countries.
