

Rejlers Oy acquires the technical consultant company KL-Team

(REJL B)

The Rejler Group company, Rejlers Oy intends to acquire the technical consultant company KL-Team Talotekniikka Oy in Tammerfors, Finland. KL-Team has 14 employees and a turnover of approximately SEK 10 million with good profitability. The company offers consultancy services within Ventilation and Sanitation and electrical engineering to the customer group Construction and Property. The market prospects for the business are positive. KL-Team operates in the Tammerfors region, in Helsingfors and other cities in southern Finland.

The acquisition strengthens Rejlers' position in southern Finland and provides great opportunities for growth. After the acquisition Rejlers Finland has more than 250 employees. The acquisition will be carried out on January 2, 2008.
