Rejlers ranked number one in framework agreement

Rejlers has signed a framework agreement with the Swedish Transport Administration regarding consultancy services in signal and track superstructure for railways. The agreement includes technical specialist approval support, administrator for the approval process and technical safety control.

Rejlers got the best results of all the submitted bids for this framework agreement and was ranked number one in most of the areas. The order value of the framework agreement is estimated to be MSEK 8 per year. The agreement will run for two years, with an option for a further two years.
