

# Let's talk Digitalization

Thursday, June 8, 2017 | Novotel Hotel, Paddington, London

An exclusive invitation to the press:

SKF welcomes you to its Technical Press day in London, 8 June. Within the theme of Digitalization, we will present what SKF is already doing to adapt to the new industrial era and give an update on recent customer application developments and materials.

## Speakers include

- Victoria Van Camp, CTO and President, Innovation & Business Development
- Mark Roberts, Honeywell, Director of Strategy & Innovation for Honeywell Connected Plant
- Erwin Weis, Manager SKF IoT Technology
- Luc Graux, President Bearing Operations
- Thomas Fröst, Industrial Units Director

## Schedule

Registration 8.30-9.00

Program 9.00-16.00
