## PRESS RELEASE

LINKÖPING, NOVEMBER 25, 2014

# IFS Applications 9 to be released at IFS World Conference 2015

*IFS World Conference taking place on May 5–7, 2015 in Boston, USA*

**IFS, the global enterprise applications company, announces that the new version of its extended business software suite – [IFS Applications™ 9](#) – will be released at the [IFS World Conference 2015](#), May 5–7 in Boston, Massachusetts, USA. Attendees of the event will be the first to learn about the new features and capabilities of IFS Applications 9 (register [here](#) to attend).**

IFS Applications 9 builds upon the foundations that have made IFS a recognized industry leader\*. The upcoming version will offer new and existing customers major enhancements in terms of agility and usability, as well as powerful capabilities tailored to support customers in IFS's target industries.

In light of IFS's commitment to quality, IFS Applications 9 is being thoroughly tested both internally as well as in-the-field. Delivered in the form of an early adopter program, IFS is working with several global end-user companies based in the U.S., Scandinavia, and Europe, who represent a diverse spread of industries, including: service management, high-tech, industrial manufacturing, and offshore contracting. Details of the early adopters' experience in leveraging IFS Applications 9 will be provided at IFS World Conference in May 2015.

"We are very excited about revealing the new capabilities of IFS Applications in May next year," IFS SVP R&D Thomas Säld said. "By closely following the developments in our key industries and listening to the feedback of our customers, we will be able to present a new version that sets the standard for usability and agility. We have made some strategic investments with IFS Applications 9 to innovate and improve the customer experience in order to deliver even more value to our customers."

The IFS World Conference 2015 offers three days of keynote speeches, breakout sessions, world-leading technology, training, networking and entertainment, all teaching true business agility, helping people get closer to their business and turn change into a business advantage.

**\* IFS is named a Leader in the Gartner Magic Quadrant for Single-Instance ERP for Product-Centric Midmarket Companies, 2013**

### About IFS

[IFS™](#) is a globally recognized leader in developing and delivering business software for enterprise resource planning (ERP), enterprise asset management (EAM) and enterprise service management (ESM).
