

Flowcrete UK Partners with London Design Studio Material Lab

Architects in London will now be able to browse Flowcrete UK's resin flooring solutions at Material Lab, the cutting-edge design studio on Great Titchfield Street.

[Material Lab](#) provides a space for architects and interior designers to immerse themselves in surface coverings of every kind - and now a variety of [Flowcrete UK's](#) decorative resin solutions will be joining the studio's extensive collection of inspirational resources.

Customers at Materials Lab will be able to browse products including the [seamless resin terrazzo range Mondéco](#), the resin bound gravel system [Naturewalk Pave](#), the exceptionally scratch-resistant epoxy [Flowshield FX](#), the recently launched [Comfort Resins](#) range as well as polished concrete systems.

If any of the above flooring solutions catch the eye, there will be literature and free samples on hand that can be taken away for further consideration.

Flowcrete UK's London based clients and contacts will be seeing more and more of Material Lab, as it will now be the resin flooring manufacturer's base in the capital for meetings and CPD presentations.

To discover the Material Lab experience, head to 10 Great Titchfield Street, London, W1W 8BB. If you'd like to arrange a meeting with Flowcrete UK's London Commercial Specification Manager, Richard Yanez, at the design studio please call 01270 75300 or email uk@flowcrete.com.
