

Cortendo to Present at the 7th Annual Biotech Showcase Conference in San Francisco on Jan. 14

January 8, 2015 -- Göteborg, Sweden and Radnor, Penn., USA -- Cortendo AB [ticker: CORT on NOTC-A], a global biopharmaceutical company focused on orphan endocrine disorders, today announced that Matthew Pauls, President and CEO, will provide a company update at the 7th Annual Biotech Showcase conference in San Francisco. The presentation is at the Parc 55 Wyndham hotel on Jan. 14, 2015, at 3:30 p.m. PST in the Powell room.

The slides from this presentation will be available on the "Presentations" page in the Investor section of the company's website at www.cortendo.com after the conference.

Now in its seventh year, Biotech Showcase™ is an investor and partnering conference devoted to providing private and public biotechnology and life sciences companies with an opportunity to present to, and meet with, investors and pharmaceutical executives in one place during the course of one of the industry's largest annual healthcare investor conferences. Biotech Showcase is produced by Demy Colton Life Science Advisors and EBD Group.

About Cortendo AB

Cortendo AB is a global biopharmaceutical company incorporated in Sweden and based in the United States. The Company's strategic focus is to be the global leader in commercializing innovative medicines for orphan endocrine disorders. Cortendo is leading the way in the field of cortisol inhibition through the investigational drug, COR-003 (levoketoconazole) currently being studied in the Phase 3 global SONICS trial for the treatment of Cushing's syndrome. The Company's intent is to independently commercialize its Orphan/Endocrine assets in key global markets, and partner non-strategic product opportunities, such as diabetes, at relevant development stages.

Cortendo's lead drug candidate, is being evaluated in a global Phase 3 trial for treatment of Cushing's syndrome. COR-003 (levoketoconazole) has received orphan designation from both the European Medicines Agency (EMA) and the U.S. Food and Drug Administration (FDA).

Risk and Uncertainty

The development of pharmaceuticals carries significant risk. Failure may occur at any stage during development and commercialization due to safety or clinical efficacy issues. Delays may occur due to requirements from regulatory authorities, difficulties in recruiting patients into clinical trials due to physician or patient preferences or competing products, not anticipated by the company. There is no assurance that Cortendo will receive marketing and regulatory approvals necessary to commercialize or produce COR-003 (levoketoconazole) or other products. Regulatory approvals may be denied, delayed, limited or revoked.

The commercial success of COR-003 (levoketoconazole), if approved in a territory, cannot be predicted with certainty. In addition, Cortendo may face the risk of interrupted supply of COR-003 for clinical or commercial use from the subcontractors Cortendo has contracted.

Cortendo Forward-Looking Statements

This press release contains forward-looking statements concerning Cortendo that involve a number of risks and uncertainties. All statements other than statements of historical facts included in this press release, including, without limitation, statements regarding the Company's future financial position, strategy, anticipated investments, costs and results, plans, projects to enhance efficiency, outcomes of products development, future capital expenditures, liquidity requirements and objectives of management for future operations, may be deemed to be forward looking statements. These forward looking statements involve known and unknown risks, uncertainties and other factors that may cause the Company's actual results, performance or achievements or industry results to be materially different from those contemplated, projected, forecasted, estimated or budgeted, whether expressed or implied, by these forward looking statements. Given these risks and uncertainties, investors should not place any undue reliance on forward-looking statements as a prediction of actual results. None of these forward-looking statements constitutes a guarantee of the future occurrence of such facts and data or of actual results. These statements are based on data, assumptions and estimates that the Company believes are reasonable. The forward-looking statements contained in this document are made only as of the date hereof. The Company expressly disclaims any obligation or undertaking to release publicly any updates of any forward-looking statements contained in this press release to reflect any change in its actual results, assumptions, expectations or any change in events, factors, conditions or circumstances on which any forward looking statement contained in this press release is based.
