

Atlas Copco to acquire German compressor distributor

Stockholm, Sweden, December 7, 2016: Atlas Copco, a leading provider of sustainable productivity solutions, has agreed to acquire the business of hb Kompressoren Druckluft- und Industrietechnik GmbH, a German distributor and service provider of industrial air compressors and related systems.

Hb Kompressoren is based close to Stuttgart and operates in the southwestern region of Germany. About 10 employees will join Atlas Copco. The business is focused on distribution and service of compressors and air treatment systems for use in such areas as manufacturing and general industry.

“We are glad to have such a strong team joining us as it will allow us to further strengthen our presence in the southwestern region of Germany,” said Nico Delvaux, President of Atlas Copco’s Compressor Technique business area. *“It reinforces our commitment to serve customers with top-quality products and services.”*

The parties have agreed not to disclose the purchase price. The acquisition is expected to be completed shortly. The business will become part of Atlas Copco’s Compressor Technique Service division.
