

## OrganoClick AB (publ) publish Interim Report for the second quarter 2015

"After the listing at Nasdaq First North and the raising of SEK 75 million during the first quarter, our focus has now shifted to perform the plan we have set up. Several key recruitment processes have been initiated, in particular for the sales force within our business area Performance textiles & nonwoven.

In June, OrganoClick was also honored with being selected to the prestigious list Sustainia 100 that yearly select 100 innovative sustainable innovations.

The sales during 2015 has increased with 44 % compared with 2014. We will work hard in order to increase the growth further and are now in particular looking forward in the start of our new production facility and launch of fiber molded material for coffins during the second half of 2015."

### **About OrganoClick**

*OrganoClick AB (publ) is a public Swedish cleantech company listed on Nasdaq First North. The company develops, produces and markets functional materials based on environmentally friendly fiber chemistry. Examples of products that are marketed by OrganoClick are the water repellent fabric treatment OrganoTex®, the flame and rot-resistant timber OrganoWood® and biocomposite materials. OrganoClick was founded in 2006 as a commercial spin-off company based on research performed at Stockholm University and the Swedish University of Agricultural Sciences within environmentally friendly fiber chemistry. OrganoClick has won a number of prizes, such as "Sweden's Most Promising Start -up" and "Sweden's Best Environmental Innovation", and has also received a number of awards, such as the WWF "Climate Solver" award and has also appeared for two years on the Affärsvärldens and NyTekniks list of Sweden's top 33 hottest technology companies. OrganoClick has its head office, production and R&D located in Täby, north of Stockholm. OrganoClick's Certified Adviser on Nasdaq First North is Pareto Securities AB.*
