

## Further growth in Finland – Advenica receives MSEK 1.5 order

Yet another Finnish governmental agency signs an agreement for Advenica's high assurance cybersecurity solutions.

Focusing primarily on national security, the public sector and critical infrastructure, Advenica offers certified encryption and segmentation products that protect critical data to the highest level of security.

Advenica's establishment in Helsinki in 2016 has resulted in a number of new customers. The latest order is placed by yet another, a Finnish governmental agency, and includes solutions worth approximately MSEK 1.5, with delivery during Q2/2018.

*We intend to keep up our solid growth in Finland. Our high assurance solutions not only offer unique proprietary technology, they are also quick and easy to deploy. This order effectively boosts and future-proofs the governmental agency's information security.*

*Mikael Puska, CEO, Advenica Oy*

The nature and circumstances of the industry regarding the delivery and the customer means that further information about the customer will not be published.
