

OUR STORY

The British fragrance house, Jo Malone London, is renowned for its elegant scents, luxurious candles and indulgent bath and body care. Since the launch of pioneering Lime Basil & Mandarin, Jo Malone London has remained at the forefront of perfumery with its use of unexpected ingredients.

All Jo Malone London creations honour a fragrance signature of sophisticated simplicity. Our philosophy of Fragrance Combining™ means that each scent is designed to be worn alone or layered with another, giving you the freedom to be playful; to create something unique to you.

From a historic townhouse in the heart of London, the Creative Studio draws inspiration from British life and culture, shaping the story behind each scent. Each new fragrance is then developed in partnership with one of the most distinguished Master Perfumers, using the highest quality ingredients.

Each creation is crafted with immense care and exquisitely presented. Placed in the coveted cream and black box and tied with our signature black grosgrain ribbon. A symbol of elegance, sophistication and generosity. Considered by connoisseurs as the most thoughtful of gifts... if you can bear to give it away.
