

Ulf Ewaldsson

Ulf Ewaldsson is born in 1965, in Skåne in the very south of Sweden.

He is since 2004 Vice President and head of Product Area GSM Access within the telecom company Ericsson. Mr. Ewaldsson is a graduate from Linköping University as Master of science and business management.

He started within Ericsson in 1990 and had since held various management positions in the group including marketing, sales, product management, and project management. He has been based outside Sweden for more than 10 years in countries like Hungary, Hong Kong, China and Japan.

Mr Ewaldsson has been an executive with positions as country manager and Key account responsible in his recent international assignments. As head of Product Area GSM Access he is now responsible for the largest product area within the Ericsson group.

From January 1, 2007 Ulf is Vice President and Head of Product Area Radio within the Ericsson Group.
