

# SAS Go Premium Set Menu

## **PREMIUM MEAT MENU**

A main dish that is created from premium quality red meat, either ox/beef, veal, game, pork or lamb. The meat is matched with selected sides to create a filling dish; usually locally harvested potatoes and a rich sauce, and always a generous serving of vegetables.

## **PREMIUM POULTRY MENU**

A main dish with poultry, such as chicken or turkey, as main ingredient. The meat is always of high quality and usually combined with potatoes and a rich sauce as well as a generous serving of seasonal vegetables.

## **PREMIUM GREEN MENU**

An option where the main course is vegetarian; for example, a pasta with creamy sauce or seasonal vegetables accompanied with different fresh additions like mushrooms, peas, kernels and herbs.

## **PREMIUM FISH MENU**

A main dish that is composed of a main ingredient of either fish or shellfish. The seafood is always of high quality and we aim to support sustainable fishing. The sides are selected to create a balanced composition with either potatoes, rice or pasta, matched with a rich sauce or flavored butter as well as a generous serving of vegetables.

*Regardless of which Premium set menu is chosen, the main dish is complemented with a starter and a dessert. Two beverages of choice are also included in the package.*
