

Press Release

Nick Priborsky, President Business Area Connect, to leave SSC Space

Stockholm, 12 May 2026

Nick Priborsky, President Business Area Connect and member of the Executive Committee, has decided to leave SSC Space to pursue new opportunities outside the company.

Nick has held several senior leadership roles at SSC Space since 2010 and his current position since 2022. He will step down from his role on May 18 and leave SSC Space on June 15. A recruitment process to appoint his successor has been initiated.

“I want to extend my sincere thanks to Nick for his long-term and focused contributions, driving business and operations development in Business Area Connect. I wish him every success and all the best for the future,” says Charlotta Sund, President and CEO of SSC Space.

Effective May 18, Carl-Johan Linér will take on the role of Interim President Business Area Connect for approximately six months, or until a permanent successor is in place.

About SSC Space: SSC Space (formerly Swedish Space Corporation) is a leading global provider of advanced space services, with more than 50 years of experience. We help space organizations, research institutes, commercial and institutional actors from all over the world to get access to space. With local presence on all continents and about 750 committed employees, we offer specialist expertise in satellite communications and satellite control services, spacecraft operations, rocket and balloon systems, launch services and flight test services, as well as engineering, operations and consultancy services for space missions. We enable successful space projects within Earth observation, telecommunications, security, meteorology, navigation and positioning, scientific research and other applications. Among our strongest assets are Erange Space Center in northern Sweden, set out to be a leading provider of satellite launch services from mainland Europe, as well as one of the world’s largest commercial ground station networks for satellite communications.
