

**goes ASIA, Kuala Lumpur 8-9 OCT 2012**

## **The Global Forum on eID infrastructure & digitized citizen eID**

4th edition Kuala Lumpur MALAYSIA 8-9 OCT 2012 @Sunway Resort Hotel & Spa

With the official endorsement of **Ministry of Science, Technology and Innovation**, MOSTI, Malaysia, the support of **CyberSecurity Malaysia** and **MSC National ICT Initiative**

**Meet with Ministers, top-level government representatives, experts & key players in the eID, ePassport & Mobile PKI industry.**

**50 speakers & 350 participants from over 35 countries.**

This 4th edition will highlight the practical experiences and recent developments in ASIA and EMEA, as well as promote new **major technology initiatives** both regionally, across the Globe and from the European Commission.

Many countries in the region have yet to implement eID and ePassport.

**Delegations from Asia, Africa and EU** will gather for two rewarding days full of discussions on electronic identification, interoperability, industry innovation, business processes and legal aspects.

Industry experts will share and discuss **latest as well as future trends** in terms of technology evolution related to **eID, ePassport, eGovernment, eInvocing, eHealth, PKI and Mobile PKI**.

Moderator led **PANEL SESSIONS** and case-study based **WORKSHOPS** allow for a very interactive set-up.

- *Approaching eID Interoperability*
- *eID in the age of Cloud & Social Media*
- *eServices or eID, which one come first?*
- *Security Breaches – can we expect the worst?*
- *How to hide PKI complexity on smart devices*
- *Framework for Digital Signature and Data Protection*
- *Looking back, moving forward : Applying success and lesson learned from ePassport revolution*
- *Challenges in data breach incident*
