35 facilities earn AAAASF accreditation for patient safety *Each facility completed a thorough review process*

CHICAGO, IL — Thirty-five facilities have demonstrated their commitment to patient safety by gaining accreditation from the American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF) in May. AAAASF is celebrating its 35th year of promoting the highest quality patient safety in the ambulatory surgery setting (office-based or outpatient), as well as rehabilitation and outpatient therapy agencies and rural health clinics.

AAAASF requires 100 percent compliance with all accreditation standards and does not offer partial accreditation. If a facility fails to meet any standard, it must correct the deficiency or risk denial or loss of accreditation.

To earn accreditation, these facilities passed inspection on hundreds of important criteria concerning patient safety:

- Building Kid Steps LLC in Victoria, Texas
- Daniel Brauman, M.D., P.C. in White Plains, New York
- Regional Women's Health Group, LLC in Voorhees, New Jersey
- Bajaj Plastic Surgery LLC in Oklahoma City, Oklahoma
- Gramercy Park Physicians, LLP in New York, New York
- CPI Surgery Center in Torrance, California
- Peconic Bay Primary Medical Care, P.C. in Manorville, New York
- OCH Jasper County Clinic - Carthage Campus in Carthage, Missouri
- Perry County Memorial Hospital in Leopold, Indiana
- Dedicated Medical Professional Management LLC in El Paso, Texas
- Genesis Rehabilitation Services in Fredericksburg, Virginia
- Tell City Clinic in Tell City, Indiana

About the AAAASF

The [American Association for Accreditation of Ambulatory Surgery Facilities, Inc. \(AAAASF\)](#) was established in 1980 to standardize and improve the quality of medical and surgical care in outpatient facilities and assure the public that patient safety is top priority in an accredited facility. More than 2,300 outpatient facilities are accredited by AAAASF, one of the largest not-for-profit accrediting organizations in the United States. Surgeons, legislators, state and national health agencies and patients acknowledge that AAAASF sets the "gold standard" for quality patient care.

AAAASF programs include surgical, procedural, oral maxillofacial, international surgical and dental. AAAASF is also deemed by Medicare to accredit ambulatory surgery centers, rehabilitation and outpatient therapy agencies and rural health clinics.
